PROFILE

B.Tech student in Artificial Intelligence & Machine Learning with hands-on experience in UI/UX design, video editing, and web fundamentals. Currently building a foundation in applied AI — Python, machine learning concepts, and LLM tooling (RAG pipelines, LangChain, vector databases) — alongside Flutter development. Comfortable working directly with clients, translating requirements into shipped design and content work, and picking up new tools quickly. Looking to grow into an AI/ML engineering role building real applications.

WORK EXPERIENCE

UI/UX Designer & Video Editor (Freelance) — Difmo Pvt. Ltd. (Nextzeni project)

Feb 2026 – May 2026

- Designed user-friendly, visually appealing UI/UX layouts for client projects, focused on usability and accessibility
- Built wireframes, prototypes, and interface designs in Figma to improve user experience and engagement
- Collaborated directly with clients to scope requirements and deliver customized design solutions
- Edited and produced client video content in CapCut, including transitions, effects, subtitles, and audio sync
- Created posters and branding assets aligned with client marketing objectives
- Managed multiple concurrent projects while maintaining delivery timelines and client satisfaction

PROJECTS

Weather Application

- Built a weather app with live API integration for real-time conditions
- Implemented data fetching, a clean UI, and a fully responsive layout
- First hands-on project working with external APIs and frontend data flow

CURRENTLY LEARNING

Actively building depth in the applied AI/ML stack, alongside mobile development:

- AI/ML: Machine Learning fundamentals, Deep Learning, Prompt Engineering, AI Agents
- LLM tooling: LangChain, LangGraph, RAG pipelines, Qdrant, Ollama, FastAPI
- Mobile: Flutter

TECHNICAL SKILLS

- Languages: Python, Java, C, JavaScript
- Web: HTML5, CSS3, React (beginner)
- Tools: Git & GitHub (learning), MS Excel

CREATIVE SKILLS

- Video Editing (CapCut) · Canva Design · Social Media Content Creation · Basic Graphic Design

EDUCATION

Uttranchal University, Dehradun — B.Tech in Artificial Intelligence & Machine Learning	2025 – 2029
Buddha Public School — Class 12 (75%)	2024 – 2025
Barrows Blue Bells High School — Class 10 (82%)	2022 – 2023

LANGUAGES

- English (Fluent) · Hindi (Fluent)
